ALANSON FARNHAM DEAD

POPULAR SEDALIAN DIED AT
PAYETTE, IDAHO, AT 10
O'CLOCK TODAY.

FAMILY DID NOT KNOW OF HIS ILLNESS

Apprised in Message This Afternoon,
and a Second One Told of His De-
mise—Masons Have Charge
of the Remains.

Mr. Alanson Farnham, a resident of Sedalia for the past thirty-six years, died suddenly at 10 o'clock this forenoon, presumably of heart disease, at Payette, Idaho.

The shock to the family has completely prostrated the wife and children, who will have the sympathy of the entire community in their terrible bereavement.

Mr. Farnham had been slightly ill at the home of a sister of Mrs. Farnham in Payette, but the letter telling of his indisposition gave no intimation of the terrible blow that was to fall today.

This afternoon a message came to Mrs. Farnham from Dr. Woodward at Payette, saying that Mr. Farnham was very ill, but a trained nurse and Masonic friends were doing all possible in his behalf.

A few minutes later a second message was received, telling of Mr. Farnham's death, and the news completely prostrated Mrs. Farnham.

For some time past Mr. Farnham had been located at Los Angeles, Cal., in charge of the Pacific coast branch of the Germa Manufacturing Co., of this city. His duties as manager required that he travel through that section of the country, and the presumption is that he was on one of his trips when he was stricken.

Mr. Farnham was born in Genesee county, New York, in April, 1842. When 9 years of age his parents removed to Winnebago county, Ill., and soon afterward to Iowa.

In the fall of 1861 Mr. Farnham enlisted in Co. "K," First Illinois cavalry, and served until December, 1862, when he was mustered out on account of illness.

Early in 1865 he enlisted for the second time, served until the close of the war as first lieutenant of Co. "G," 153d Illinois infantry.

In the fall of 1865 Mr. Farnham returned to Illinois and bought a farm, and in December of the same year he married Miss Lucy E. Gilman, of Winnebago county.

In 1869 Mr. Farnham and family moved to St. Clair county, Mo., where he engaged in farming, and after the construction of the M., K. & T. railway through Appleton City he erected and conducted the first livery stable in that town.

In 1873 Mr. Farnham removed to Sedalia, and he and his family had resided here continuously since. Mr. Farnham purchased the Kipp livery stable on West Main street, and later erected a brick stable at Third and Osage streets, where the Alamo block now stands. Of late years Mr. Farnham had been employed as a traveling salesman, and had achieved remarkable success.

Mr. Farnham had been a member of the city council of Sedalia and no resident of the city was held in higher esteem.

Besides his devoted wife he is survived by five children, as follows: Mrs. Lena Crawford, of Kansas City; Lizzie and Lucile, at home, and Leslie and Lantie, who reside in Oklahoma. Two children are dead—Lonie May, aged 12, who died in 1881, and Leon J., who died in infancy.

Mr. Farnham was a member of the First Christian church, and also belonged to the Masons and Knights of Pythias.

The remains will be brought to Sedalia for burial, but funeral arrangements will not be made until relatives at a distance are heard from and it is known definitely when the body will reach here.

BURIAL OF MRS. M'KEE

Body Was Brought Here From St. Louis This Afternoon.

The body of Mrs. George McKee, a former Sedalia lady, who died at the home of her son, George McKee, at St. Louis, arrived here at 2:30 o'clock this afternoon.

The remains were conveyed directly to Crown Hill cemetery, where in-

terment took place after the Rev. Grant A. Robbins, pastor of the First M. E. church, conducted brief services.

The following served as pallbearers: E. E. McClellan, W. J. Lettis, H. R. Camp, Norman McDonalds, W. M. Lettis and C. A. Guenther.

Escaped From Reform School.

Fred Robertson, assistant chief of police, received a telephone message this morning requesting that a watch be kept for a young boy who escaped from the Missouri Training School for Boys at Booneville last night. The escaped inmate is thought to have started for Sedalia.

MR. DANIEL BRYAN DEAD

HE WAS A RESIDENT OF PETTIS
COUNTY FOR PAST TWEN-
TY-FIVE YEARS.

DEATH CAUSED BY GENERAL DEBILITY

Was Born at Lexington, Kentucky, on
May 5, 1825—The Funeral Ar-
rangements Have Not
Been Perfected.

Daniel Bryan, for twenty-five years a well known resident of this county, died from general debility, after a year's illness, at his home, 1800 South Beacon street, at 11 o'clock this morning.

Relatives have been telegraphed for and until they are heard from no arrangements will be made for the funeral, which in all probability will be held Sunday.

Mr. Bryan was born at Lexington, Fayette county, Ky., on May 5, 1825. In 1842 he entered Bethany college, in West Virginia, and was graduated four years later.

Twenty-five years ago he moved to Missouri, settling at Green Ridge, where he engaged in farming for over four years. He then purchased a farm six miles northeast of Houston, which he cultivated for seventeen years, when he removed to Sedalia, where he had resided since.

He was twice married. His first wife was Miss Sarah Pettit, of Fayette county, Ky. Of this union four children were born, three of whom survive him, as does also his second wife.

His children are: Dr. Joseph Bryan, of Lexington, Ky.; Mrs. Julia Smith, of Lexington, Ky.; and Mrs. J. S. Daugherty, of Houston, Texas. He also leaves a brother, Joseph Bryan, of Lexington, Ky.

Mr. Bryan was a member of the East Broadway Christian church. The Rev. E. H. Williamson, assisted by the Rev. A. W. Kokendoffer, will officiate at the funeral.

HE'S HOME FROM NEW MEXICO

Al Baumgartner, Feeling Fine, Came
in at 4:30 P. M. Yesterday.

Al Baumgartner, who has been at Los Tanos, New Mexico, the past sixteen months, came home on Missouri Pacific train No. 8 at 4:30 o'clock yesterday afternoon and received a royal welcome at the hands of his legion of friends, including Col. "Jim" Mockbee, "Len" Johnson, Bell Hutchinson, et al.

"Bummy," as the old-timers call him, has been conducting a barber shop at Los Tanos, and incidentally looking after a 173-acre ranch he owns, and upon which he planted 70 acres of corn this spring.

Mr. Baumgartner took up a claim near Los Tanos, and lived upon it the length of time required to perfect his title, so he does not expect to return there except for an occasional business visit.

"Al" looks well and says he is feeling fine, but he's glad to get back to the land where a man can get a glass of beer and a lunch for a nickel instead of cracking down 15 cents for it, as is the case at Los Tanos.

The moving picture shows and other thrilling local stunts will claim the attention of "Bummy" for the next few days, after which he will likely don his white jacket and resume the art of lathering and shaving, as idleness could never truthfully be charged against him.

Maiden Name Restored.

Circuit Judge Louis Hoffman this afternoon granted a decree of divorce to Edna Rhoads from George S. Rhoads and restored plaintiff's maiden name, Edna Nelson.

A MONUMENT TO JINGOISM

CLAIM A SEDALIA BRIDE

JOHN W. EASTMAN, WHO FORM-
ERLY RESIDED IN QUEEN
OF THE PRAIRIES.

BE MARRIED TO MISS PEARL M. PEARSON

Ceremony to Be Performed at Home
of Brother of the Young Lady in
Kansas City, Mo., Next
Thursday Evening.

The marriage of John W. Eastman, a former Sedalian, now of Oklahoma City, Ok., and Miss Pearl Mae Pearson, the pretty and accomplished young daughter of Mr. and Mrs. W. L. Pearson, of 214 West Fifth street, will occur at the home of the young lady's brother, J. L. Pearson, 2201 Tracy avenue, Kansas City, at 8:30 o'clock next Thursday evening.

The pastor of the First Baptist church at Kansas City will perform the ceremony, in the presence of only immediate relatives, and on the following day the bridal couple will go to Oklahoma City to make their home. Mr. Eastman being a well known and successful contractor of that city.

Miss Pearson is at present employed as stenographer in the office of the Germa Manufacturing company here, and is one of Sedalia's most refined and popular young ladies, possessing the friendship of hundreds of Sedalians, who will join the Democrat-Sentinel in extending hearty congratulations.

The bridal couple will be at home at 19 West Second street, Oklahoma City.

BOTH RELEASED ON BOND

Charged With Having Burglarized
Mrs. Wilson's Residence.

Jess Mitchell and James McCoy, employees of the Singer Sewing Machine company, were arraigned before Judge J. B. Hughes at Georgetown Thursday to answer the charge of having burglarized the residence of Mrs. George Wilson, in Cedar township, last week.

W. G. Lynch represented the prisoners, and after the introduction of evidence each was held to criminal court in the sum of \$500.

Mitchell was released from jail last night, C. H. Reams and E. C. McGurren signing the bond, and today McCoy was released, his bondsmen being Charles Hootman, G. W. Shillock and Dennis Collard.

C. C. Kelly has been employed to

assist Attorney Lynch in defending the accused.

Will Take Mr. Barrow Home.

F. J. Barrow, of Willisville, Ill., who has been an inmate of the city jail for several days while deranged, will be returned to his home at 4:30 o'clock this afternoon. A friend of the afflicted man arrived here this morning.

Removed Back to Sedalia.

Gene Smith, the well known caterer, who has been employed by the Metropolitan Street Railway company at Kansas City, has accepted a position with the W. L. Sprecher Cigar company.

NEW TIE PLANT FOR KATY

ROAD ACCEPTS PROPOSITION OF
DENISON AND WORK TO
BE RUSHED.

ROAD IT WILL EMPLOY ONE HUNDRED MEN

The Plant Destroyed is to Be Rebuilt
and Engineers Are Running
Lines—Cost is Estimated
at \$200,000.

Denison, Texas, May 7.—Another plumb has dropped into Denison's basket and it is one that seems potent with meaning for the future. The tie treating plant of the Missouri, Kansas and Texas railway is to be located here and work will soon be in progress upon it.

When the Katy began the rebuilding of the Shreveport division of its road a small plant to treat ties was established at Greenville.

The preparation used for this purpose was a combination of creosote and other ingredients imported from Germany.

The process proved successful and added very materially to the life of the ties. Little by little the plant at Greenville was increased. Some six months ago it was destroyed by fire.

General Manager Allen states that the new plant will employ in the neighborhood of 100 men the year around. The investment in the new plant, it is understood, will be in the neighborhood of \$200,000.

In addition to the men employed, the plant will necessitate the use of additional switch engines and train crews bringing the timber in and taking the ties and timber out. It will materially increase the Katy's already large pay roll at this point.

MR. QUIGLEY'S NEW ROAD

MANY MEN PUSHING CONSTRUCTION OF LINE IN DOUGLAS COUNTY.

THERE HAS BEEN AN UNEXPECTED DELAY

General Manager John B. Quigley Assured Bonus of Ava Will Be Paid, Even Though Cars Are Not Running August 1.

Springfield, Mo., May 7.—The citizens of Ava, the county seat of Douglas county, have refused to grant an extension of the time specified in the contract for the completion of the electric railway between Mansfield and Ava, but there is a general understanding that if the road is completed and trains operated the men back of the project will be paid the \$5,000 bonus offered by the citizens of the county seat town.

J. B. Quigley, chief engineer and general manager of the road, has a force of sixty men and many teams at work along the route and it is believed the road will be in operation before the end of August. The contract in which the bonus is offered terminates August 1, at which time it was understood that the first train was to enter Ava.

Owing to the fact that the old Kansas City, Ozark and Southern Co. was dissolved, it became necessary to organize a new company and to secure new capital to carry on the work.

As a result, operations were suspended for several months. The new company intends to carry out the original plans and is now rushing the line to early completion.

The proposition that proves the greatest source of worry to Mr. Quigley is the power plant which is to supply the electric power. This plant can not be completed for several months.

In order to comply with the provisions of the contract, the cars to be operated between Mansfield and Ava will be equipped temporarily with storage batteries. These batteries are expected to furnish the necessary motive power until the power plant can be finished.

The sentiment of those who subscribed toward the bonus is that an unavoidable delay in the finishing of the road should not result in the non-payment of the money.

Douglas county is without railroads and every resident of the county is deeply interested in the success of the Mansfield-Ava electric line. There is little doubt that the bonus will be

the allroad builders, provided the provisions of the contract are carried out, with the exception of the time specified for the completion.

SIXTY PERSONS INJURED

BALCONY IN ARMORY GAVE WAY WHILE FULL OF PEOPLE LAST NIGHT.

BIG MARATHON RACE WAS IN PROGRESS

Men and Women Were Precipitated Onto the Crowd on Main Floor and Panic Followed—Condition of Some Critical.

Seattle, Wash., May 7.—None of the sixty persons injured in the accident in the new National Guard armory here last night have died, but the condition of Maurice W. Thompson, assistant adjutant general of the state of Washington and wife, is critical.

An indoor athletic meet was in progress and the stirring finish to a ten-mile Marathon race, in which F. L. Jackson of Seattle, was leading Ed Crabbe, of Portland, by a yard, brought the spectators in the crowded balcony to their feet, wildly cheering, when suddenly the whole east end of the balcony railing swayed outward, snapped by the crush of people behind it, and scores of them were precipitated onto the heads of the crowd below.

In a moment a panic ensued in which many were trampled upon before order was restored by the athletes, guardsmen and physicians in the audience.

LOCAL OFFICE OPENED

The Democrat-Sentinel Receives Teletype Message.

The Democrat-Sentinel received its first message by teletype, as follows:

"St. Louis, Mo., May 7.—The Democrat-Sentinel, Sedalia, Mo.—The Teletype company's St. Louis-Kansas City line has today been opened for commercial operation between St. Louis and Sedalia. Other western cities will be rapidly connected up and the lines extended until all parts of the United States have been placed in telegraphic communication at the teletype's flat rates, regardless of distance. The company has been successfully operating commercially in the east for some months.—L. W. Shumaker, Supt. Traffic, Teletype Co."

The local office is in the Bothwell building, near the corner of Fifth and Ohio streets, and the rates of the company are: For 25-word telegrams, any distance, 25c; 50-word telegrams, any distance, 25c; 100-word telegrams, any distance, 25c; 10-word telegrams, any distance, 10c.

MRS. NETTIE SHAW FORSAKES ONLY CHILD TO BE WITH THE CHAUFFEUR.

THE COUPLE ELOPED FROM BOSTON MASS

Sad Sequel in the Case of a Society Woman Who Fell in Love With a Servant and Deserted Her Home to Be With Him.

Santa Barbara, Cal., May 7.—Mrs. Nettie Shaw has forsaken her only child to remain with the family chauffeur, with whom she eloped from Boston two years ago.

She will not return home with her father, H. Fisher Eldridge, a millionaire Portsmouth, N. H., brewer. Mrs. Shaw refused to talk, except to say she will make her future home here. After a two hours' hearing in Mrs. Shaw's habeas corpus proceedings, Judge Crow gave the child into the custody of the father, James F. Shaw, a Boston traction magnate. The court made the order after debate.

A hint of what may come when divorce proceedings are brought filtered out when the court placed Eldridge on the stand to give his reasons why the child should be given into his keeping. In reply to the court's inquiry as to Shaw's standing in the community Eldridge replied:

"Well, he has some few friends." The judge repeated his question, whereupon Eldridge said that Shaw's conduct was such that his son should not be allowed in his care.

Furthermore, the wealthy brewer said, the railway company with which Shaw is connected is now in the hands of a receiver and Shaw has little or no visible means of support; that he is living with his people, who themselves are not wealthy.

BURGULARS ARE LOSING OUT

This Is Report of Secretary Keyser, of the Bankers' Association.

Thirteen Missouri banks were attacked by burglars within the past year, according to the report of Secretary W. F. Keyser, of Sedalia, at the meeting of the State Bankers' association in St. Joseph yesterday.

This was an increase of one over the preceding year. But two of these attacks could be termed successful.

In the thirteen attempts the burglars secured \$5,019.92 in money. Rewards were offered by the association for sixteen forgers. Through the association thirteen persons, other than bank burglars, were apprehended.

COMING HOME?

Back to Sedalia, the beautiful
Queen City, and visit again the
scenes of years gone by.

The Home Coming reunion
will be held October 2, 3, 4 and

souri state fair.

The semi-centennial of the
founding of the city will be ce-
lebrated, and a grand welcome
will be extended to all who
gather to commemorate the
event.

There are ex-Sedalians every-
where, but they will all be here
again at the Home Coming.

"PINCH HITTERS" ALWAYS IN DEMAND.

Thousands cheer when an athlete
with a big club in hand hits the ball
hard when men are on the bases
ready to score. Others may make just
as long hits and may have averages
at the close of the season that are
more pretentious as figures go, but it
is the pinch hitter that counts—the
man who can go to the plate and do
something when something is needed
to be done.

So it is in life. It is the emergency
men that count most. When things
are running smoothly most anybody
could fill most any other body's job.
But when an emergency arises that
calls for prompt action without excite-
ment or seeming haste, the test of
ability is shown.

There is where the "pinch hitter"
comes in handy. Perhaps nothing had
occurred for a whole week that had
tested his merit. But when the mo-
ment for action came he was pre-
pared to deliver. And by doing just
the right thing at the right time he
earned his week's wages right there
and then.

The world is so full of mediocrity
that the emergency man—the pinch
hitter—shines all the more resplend-
ently.

CRADLES AS CURIOS.

According to the latest ruling of
the customs department cradles are
not "household furniture," and can
not, therefore, be admitted under a
duty of 35 per cent ad valorem under
that classification, but must pay a
higher duty, as "manufactures of will-
ow."

No wonder ex-President Roosevelt
was so greatly worried over race-sui-
cide in America, when it comes to the
point when cradles are no longer re-
cognized as household furniture.

If things do not change soon it will
not be long before cradles will be
classed as antiquities, and only the
oldest people will know what they
were used for.

PUBLICITY PAYS.

Too many advertisers have little
conception of the powerful engine the
daily paper places at their disposal,
says a writer in Printers' Ink. It
stands there all fired up and ready to
speed. The manufacturer takes his
seat in the cab, moves a lever, and
presto! he is off, with the force of an
avalanche. The daily paper accom-
plishes certain definite quick results,
such as no other medium can supply.

This is from the pen of an adver-
tising manager of a large concern,
which advertises in newspapers
throughout the country. He has built
up a profitable business for his house
by practicing his preachings.

The general advertisers who have
given all kinds of mediums a trial are
almost invariably the most enthu-
siastic believers in the superiority of the
daily paper.

Score one for the much ridiculed
"rat" worn by the ladies. The wife
of an army officer was saved from a
serious injury when the automobile in
which she was riding collided with a
tree and she was pitched to the
ground. She fell on her head, but a
heavy mass of hair, fashionably ar-
ranged over a "rat," prevented her
being badly hurt. Sometimes the jok-
er about feminine fashions gets a hit
that gives him more of a jolt than
this lady received.

The up to date church is leaving
little chance to excuse non-attend-
ance. A structure just completed in
Montclair, N. J., has among other
modern features a nursery where
babies and young children can be
cared for while the mothers give un-
derstanded attention to the services. Will
it come to the point where reading
and smoking rooms will be provided
for weary heads of families?

Now the professional clowns of the
country have formed a protective as-
sociation. If the organization will only
protect the public from old and wear-
some jokes the association will be
generally indorsed as a good thing.

CHILD'S DREAM VERIFIED

Boy Had Premonition That Father
Was to Be Killed.

Wilkesbarre, Pa., May 7.—A strange
premonition of a 3-year-old boy that
his father, Bruce Long, a Delaware
& Hudson railroad brakeman, would
be killed, came true Monday night,
but the grief-stricken widow told the
story for the first time today.

About 8 o'clock on that night she
heard the child tossing and moaning
on its bed, and went to soothe it. She
asked why he was not asleep, and
was startled with the answer: "Papa's
dead; he is dead under the cars, and
his legs are cut off."

Two hours later the body of the
father was taken to his home. He
had been killed just about the time
the child had the strange premonition
of his death.

Potato Sweets.
Boil and mash a large potato, place
while hot in large bowl, stir in as
much sugar as will make a dough of
the consistency of biscuit, flavor with
vanilla or any preferred flavoring, and
knead into it a cup of chopped nuts,
English walnuts or mixed. Mold into
a loaf and place in cool place. When
ready to serve slice down in squares,
cut into small blocks, and serve. This
candy may be varied endlessly by dif-
ferent modes of treatment after the
"dough" or fondant is made; it may
be molded by the hands into bonbons
with or without the addition of
chopped nuts, dates, figs, etc. Bon-
bons may be ornamented with whole
walnuts and dates are delicious
stuffed with the candy. If colored
candy is desired the fondant may be
separated into parts and each colored
with fruit or vegetable colorings. In
this case of variety of flavors should
also be used.

Escalloped Fish.
One pint of milk or cream, two
tablespoons butter, two tablespoons
flour, one cup bread crumbs moistened
with melted butter, three pounds of
any kind of white fish (I prefer the
center of a fair-sized cod), a few
sprigs of parsley, a little red pep-
per and a small onion. Boil fish one-
half hour in salted water, remove skin
and bones, break apart with a silver
fork. Boil milk in double boiler ten
minutes with onion, put flour and but-
ter in a saucepan, cook up smooth,
adding the salt and pepper, then add
to boiling milk. Put into baking dish
a layer of sauce, then one of fish, and
lastly the bread crumbs. Bake one-
half hour.

Casserole of Potatoes.
Pare thin and wash 12 potatoes;
cover with water, add salt and boil
until tender. Drain and set on back
of range for about ten minutes and
add piece of butter size of an egg.
When butter is melted mash them and
stir in a little at a time one-half cup
hot cream, then beat until light with
a fork. Arrange on a hot dish, form-
ing an oblong, high mound, hollowed
in the middle. Brush inside and out
with beaten yolk of egg and set in
oven to brown. When done fill with
a ragout of mutton or duck or maca-
roni and oysters in cream sauce and
serve hot.

Fricassee Potatoes.
One of the Hungarian ways of trans-
forming white potatoes is to fricassee
them. A small onion is sliced, placed
in a sauce pan with one dessertspoon-
ful of butter, a dash of paprika and
salt, and fried a light brown. The po-
tatoes, cut in small squares, are then
poured into the sauce pan, and cov-
ered with boiling water. When the
water has boiled away, the potatoes
are soft and nicely and tinted a golden
red from the butter and paprika.
They are just as good as they look.—
Woman's Home Companion.

Stuffed Sirloin.
Procure a pork loin roast. Do not
remove the tenderloin, but slit it and
stuff with dry dressing made of stale
crumbs highly seasoned with salt, pep-
per and sage. Roast in usual manner
and serve with potatoes roasted in
pan with same meat, brown gravy and
apple sauce.

Graham-Cake.
One and one-half cups sugar, one-
half cup lard, one cup raisins, one tea-
spoon each of cinnamon, allspice and
nutmeg, one-half teaspoon salt, one
and one-half cups sour milk, one tea-
spoon soda, and three cups graham
flour sifted twice. Bake in a slow
oven.

Bread Sauce for Fowl.
Boil half an onion and a half cup
of fine white bread crumbs in one pint
of milk until the desired consistency.
Remove the onion without breaking
it, add one tablespoonful of butter,
one-half teaspoonful of salt and a dash
of white pepper.

Mrs. David Lamar Insisted on Seeing
the Show After Hearing That
Her Husband Admired a
Stage Girl.

New York, May 7.—David Lamar,
stock plunger, jumped nimbly from a
taxicab in front of the Pasadena
apartments, took the elevator to his
door on the sixth floor, and was all
smiles when his wife, gowned attrac-
tively in an evening dress of Irish
lace, greeted him.

"You never looked more charming,
my dear," said Mr. Lamar. "Where
shall we go this evening? Any place
you say."

Mrs. Lamar had decided two hours
before. A friend had called on her in
the afternoon, brought a theater pro-
gram and pointed to the name of a
show girl who poses in fleshings in
"The Queen of the Moulin Rouge."

Mr. Lamar had been seen frequent-
ly, she was told, riding in his automo-
bile and dining with the show girl.
"David," she said, "we will go to
the 'Queen of the Moulin Rouge.' I
want to see that most of all."

"What! Escort my wife to such a
show? I could not think of it. It is
not a proper play for you to see, my
dear."

Lamar was emphatic.
"But I insist. I want to see the pret-
ty girls. I want to see"—and Mrs.
Lamar advanced to the table—that
girl."

She placed her finger on the pro-
gram opposite the name of Marie
Leonard.

Lamar sprang to the table, read the
name, and then his eye sought his
wife's. She says he reached the door
at a bound, not waiting to take his
hat, and rang for the elevator and
fled in a taxicab.

"Mr. Lamar has not returned, and
he will not return," Mrs. Lamar said.
"He has refused for two years to
take me to Fifth avenue and Broad-
way restaurants, where I have since
learned, he dined almost nightly with
other women."

DR. PRICE'S CREAM BAKING POWDER

Made from
GRAPES

To younger housekeepers, to beginners in the art of bread and cake making, no assistant will prove so helpful as Dr. Price's Cream Baking Powder. It will make you the best food easily and quickly.

It would be unwise to experiment with the cheap alum baking powders. They contain a poisonous element which slight accident or error in handling sometimes results in serious consequences.

THIS LAZY BOSTON BOY

OF 14 YEARS COMPLETES A COLLEGE COURSE AND NEVER STUDIED HARD.

HE IS THE SON OF HOWARD PROFESSOR

At the Age of 11 He Tired of "Boys' Pranks and Turned to Huxley for Rest—Career Will Be Watched by Educators.

Boston, May 7.—Since 14-year-old Norbert Weiner, in short trousers, appeared on the campus at Tuft's college Monday, wearing the cap and gown of the senior class, fresh interest has been raised in this phenomenal young student, who, by graduating next month, will win the distinction of being the youngest boy who has ever completed a regular course in college and gone forth with class honors.

Young Weiner entered Tuft's with the class of 1910, but has finished the four years' studies in three.

He is a son of Prof. Leo Weiner, instructor in Slavic language and literature at Harvard. Norbert proved a prodigy before he was 2 years old. At the age of 18 months he knew the alphabet; at 3 he could read and write; at 5 he studied Latin; at 6 he had mastered arithmetic, algebra, plane and solid geometry; at 8 he read books in Latin, German, French and Russian readily; at 9 he could reason problems in trigonometry and calculus, and was given to pursuing the works of ancient philosophers.

The youthful collegian does not look like a bookworm, though he would be described "as too old for his age." When only 10 years old he passed the examination for admission to Harvard, but was barred on account of his age. A year later his father persuaded Tuft's college to admit him.

The father was criticised at the time for permitting the boy to begin college life so early, the claim being made that it would injure him mentally.

"What else could I do?" asked the father. "The boy has never been 'cramped,' and he has never studied enough to hurt him. He is too lazy to overexert himself mentally. Most of his reading, especially along philosophical lines, has been done for amusement. It is relaxation for him and he prefers it to play.

"But when it comes to real study he shirks. No effort has been made to induce him to study, and his progress has been made without any great exertion on his part.

"He has had only six months in a kindergarten, one year in an elementary school and two years in high school, and yet he seems fitted for college. Indeed, he passed the examination with a higher grade than any other student who matriculated."

Prof. Werner, who is Russian, formerly taught in the University of Missouri at Columbia and married a Columbia girl. The boy was born there.

The boy has some of the characteristics of each of his parents. He declared when he was 11 years old that he did not like fairy stories, that philosophy was more interesting and that he found reading Huxley and Ibsen a rest after a game with his playmates.

"The boys' pranks amuse me," he said, "but when I am tired I turn to Huxley and Ibsen for rest."

His success at college has taken the boy out of the infant prodigy class and his future will be watched by educators with great interest.

CHURCH FACES DISRUPTION

After Dismissal of a Pastor on Serious Charge.

Evansville, Ind., May 7.—As the result of a church trial, involving two ministers and a minister's wife, the regular Baptist congregation at Fort

Branch, Ind., near here, faces disruption. The parties who figure in the affair are Rev. Archie Brown and wife and Rev. H. A. Schoutz, of Owensville, Ind.

Some months ago Mrs. Brown left her husband, claiming that he had slandered her and Rev. Mr. Schoutz. He was also charged with immoral conduct.

A church trial followed, and Mrs. Brown testified that her husband had made life unbearable for her by accusations involving Rev. Mr. Schoutz.

Rev. Brown was expelled from the church. Fifteen members voted for his expulsion, while twelve lined up to retain him. He has demanded a new trial, and it will be held on May 12.

Philadelphia, May 7.—That Mrs. Bridget Hughes has a horror of being caught short of change appeared when \$6,771.14 in gold notes and coin were found in her clothing when she was searched in the police station yesterday.

Two policemen had to hold her while the matron made the search.

Mrs. Hughes is 70 years old and owns a number of houses. She called on her real estate agent and broke up some of the furniture because he refused to pay the rents to her.

He had her arrested and explained that he pays over the rents to the woman's husband because Mrs. Hughes is partially demented.

A Trip to Death Valley Well Attended.

The moving pictures of Death valley, which were shown at Wood's opera house last night proved very interesting and instructive. It shows all the interesting parts of this so-called land of death, and after one sees these wonderful views one can readily understand that it was rightly named. The trip is made from Ludlow, Cal., up to the borax mines; the mines are seen in operation, the miners working at a depth of 500 feet. The return trip is made over the famous Dry Soda lake; as far as the eye can see a glistening white plain as level as a floor. The lecturer said that here the temperature registered as high as 150 degrees during the middle of the day. Prof. Wiess gave some very interesting and clever imitations in song that were thoroughly enjoyed.

A comedy set of moving views entitled, "The Servant Question Solved, or Bridget's Troubles," concludes this pleasing entertainment. Two more performances tonight and tomorrow night will be given.

GAVE CLAUD A SURPRISE

On the Occasion of the Fifteenth Anniversary of Birth.

Claud Horning had a birthday yesterday and in honor of the event the members of his Sunday school class of the Epworth M. E. church gave him a surprise at the home of his sister, Mrs. J. M. Hoover, 911 East Sixth street, last night. There were fifteen couples present and the evening was spent enjoyably by all, the principal diversion being a contest to ascertain who among the guests could get the

greatest number of words from the host's name.

Miss Jessie Hill was the successful one, and was awarded a box of stationery, Iva Call walked off with the booby prize, a whistle.

Refreshments of ice cream and cake were served.

RAT, PUFF, CURL BARRED

STATE OF INDIANA PUTS A BAN ON SUCH ADORNMENTS FOR FEMALES.

THAT IS, THOSE WHO WORK IN BAKERIES

The Rules Were Put in Force in South Bend Without Opposition—Step Assures Purer Foodstuffs.

South Bend, Ind., May 7.—The edict has been pronounced against the rat, the puff and the curl of the Indiana girl, whose duty leads her each day to some establishment where bread, pies and cakes are made for the hungry.

Henceforth, if she is to hold her job she must appear with her hair drawn tightly about her head and fastened securely in a knot. The stray lock is tabooed and the flowing curl must consent to straighten out.

Such is the tenor of an order issued by the South Bend Baking Co., to conform to the new health laws of the state concerning the sanitary production of food stuffs.

H. E. Barnard, state food and drug commissioner, will refer it to other big baking establishments of the state, with recommendations that they adopt a similar rule.

Mr. Barnard claims this style of head dress will greatly lessen the liability of the spread of disease germs through public bakeries.

The rules were put in force here without opposition on the part of the girls employed in the bakery, though trouble had been expected.

One Object Lesson.

When we aim at a definite analysis regarding the effects of prohibition on a community, there is no better method of reaching toward and getting a conclusion than that arrived at through a comparison of neighboring communities, one of which has endured prohibition and the other of which has not. Kansas and Nebraska furnish such an example of comparison.

From the days of first settlement Kansas has had more people than Nebraska has had. She was entered for settlement sooner and partly on account of sentimentality, bred through the anterior aspects of the Civil war, its lands were more quickly occupied after that conflict had ceased. The last federal census gave Kansas a population very nearly one-third larger than that accredited to Nebraska.

We would not be surprised if the census about to be taken and ending on the 30th of June, next year, will show that Nebraska almost if not quite has overtaken her southern neighbor, and sometime rival. For one thing, Kansas has an immense mineral productivity, which Nebraska has not yet shown. Coal and oil and silver lie within a portion of the Sunflower state. Nebraska, so far as yet, has been developed in a purely agricultural area.

Nevertheless, a study of actual conditions affords convincing proof that Kansas began to decline in the rank of wealth-getting states immediately after the moment of the adoption of the policy of state-wide prohibition. In 1880, according to the figures furnished by bulletin No. 56 of the United States bureau of agriculture, Kansas produced almost exactly twice as much corn as did Nebraska. In 1890 it produced 25,000,000 bushels less upon a greater acreage. In 1908 Kansas yielded 150,000,000 bushels, against Nebraska's crop of 205,000,000 bushels.

This particular fact does not of itself seem to be an argument unless it is examined in the light of inside information. The reason that Nebraska produced more corn than Kansas within a period of little more than two decades is not because Nebraska's soil is more fitted to the cultivation of corn, but because more people went into Nebraska to become farmers than went into Kansas. The wheat product of both states is about equal, but this is almost entirely owing to the fact that climatic conditions in Kansas, being about three weeks in advance for the culture of winter wheat, are superior.

The reason of the decline of Kansas, which in 1907 produced sixty-six millions of bushels of wheat against forty-six millions of bushels produced in Nebraska on less than half the acreage Kansas employed, is that the intelligent European agricultural immigrants, coming from Sweden, the Baltic provinces and the arable territory through which the Danube runs, do not and will not enter in upon a state wherein to invest their means if the idiosyncrasy of prohibition prevails. —St. Louis Times.

PRESENTED WITH TWINS

Confederate Veteran of Seventy-Six by His Fourth Wife.

Knoxville, Tenn., May 7.—Andrew Jackson Miller, aged 76, a veteran of

the Confederacy, was presented yesterday with twins by his fourth wife, who is 48 years of age.

Both are boys and weigh nine pounds each and are so much alike that one was dressed in red and the other in white to preserve their identity.

The aged father is about the happiest man in Knoxville over the advent at his home, 367 Munson street, and he will name one for himself and the other for General Lee.

Miller was a member of Company I, Sixty-first infantry, C. S. A.

SALOON THOUGHT NO. 139.

Conditions in Sullivan, Mo.

In retiring from the office of mayor of the city of Sullivan, I feel I owe the citizens a statement of the city's condition financially and otherwise. Will say that at the time of my election two years ago, after all warrants issued by the retiring board had been paid, there was a balance of \$82.02 in the treasury, and notwithstanding the money panic that spread over our nation and the petitioning out of two saloons, the city has done as much or more in the way of street improvements, laid more water mains, and according to Bradstreet's and Dun's business reports, most of the cities and business firms have considered holding their own doing well, but we of Sullivan have increased our business and added one large mercantile firm and the citizens have built fifty dwelling houses in the past twelve months. Taxes have not increased in any way and we have today \$127.55 in city treasury, beside there is \$75 unpaid taxes which is being collected today and will be in the treasury by night, making the total balance in treasury \$502.55.

Respectfully,

S. H. Sullivan, Sr., Mayor, Sullivan, Mo., April 5, 1909.

Kindly observe the progress that this little dry town has made and note the size of our city and also how many residences have been built in the last year, and we have 32 saloons to make our city prosperous.

Apricot Sherbet.

To make it, drain the liquor from a can of apricots and set aside. Press the fruit through a colander. Soak a tablespoonful of gelatin for one-half hour in cold water then add a cupful of boiling water and stir until dissolved. Make a sirup by cooking together two cupfuls of sugar and one of water. Strain the apricot juice, add to it the juice of two oranges or an orange and a lemon, and turn over the pulp. Then add the soaked gelatin and the sirup that should have been chilled. Put into the freezer and when partially frozen add the stiffly whipped whites of two eggs and finish the freezing.

Dutch Applecake.

Separate two eggs; add the yolks to a cupful and a half of milk, a tablespoonful of butter melted and half a teaspoonful of salt. Mix and add two cupfuls of flour that have been sifted with three level teaspoonfuls of baking powder, beat quickly, fold in the well-beaten whites of the eggs, and turn into a shallow greased baking tin. Cover the top with apples that have been pared, cored and quartered, putting the rounded sides up, and dust over with powdered sugar. Bake in a moderately quick oven for half an hour, or until the apples are tender. Serve with rich cream.

Individual Meat Pie.

To use up cold roast beef or lamb, grind the meat up with a little onion, salt and pepper, to taste, and add a little gravy to make it moist. Butter as many cups as you will need, and half fill them with the meat mixture. Then fill the cups up with mashed potatoes, and sprinkle bits of butter on the top. Put in the oven and bake until heated through. I generally leave them in about 15 minutes. Serve tipped out on a platter, with the left over gravy poured over them, or if you have no gravy, use tomato sauce.

Shred the Eggshells.

Eggshells put into the coffee without crushing after the beverage is made don't clear it thoroughly. Wash the eggshell carefully before breaking the eggs.

In making the coffee shred the shell fine with the fingers and mix with the grounds before pouring on the water. The result is a clear, delicious looking cup with the use of even a small part of a shell.

Cottage Cheese Pie.

One cup of fresh cottage cheese mashed fine, two well-beaten eggs and enough rich milk or cream to make the whole of the consistency of thin batter, add a handful of currants and flavor with nutmeg or cinnamon. Pour over single crust as for custard pie and bake in a moderate oven.

Flour Dumplings.

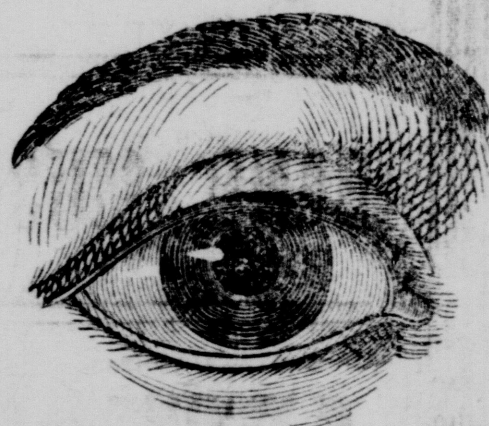

Mix together one pint flour, two teaspoons baking powder, one teaspoon salt. Stir in gradually one scant cup of milk to make soft dough. Drop by spoonful into kettle. Contents must be boiling. Cover closely and boil ten minutes without lifting cover. Serve.

Makes Delicious Flavor.

Some people like the unsweetened juice of a pineapple added to mayonnaise, especially when the mayonnaise is used on a fruit salad.

A BULLET'S STRANGE TRIP

Traveled from Head to Foot in Fourteen Years.

Youngstown, O., May 7.—Traveling from her head to her foot in fourteen years, a bullet shot into Miss Elizabeth Farragher's head did no harm. Physicians called to the Farragher home at No. 1098 Clara street to inspect an ailing instep found the bullet in Miss Farragher's foot.

Miss Farragher was shot in the head in a Fourth of July celebration fourteen years ago, a bullet from a foreigner's revolver, a thirty-two, penetrating so far it could not be removed. An operation is to be performed to remove the bullet. Physicians are puzzled that the bullet in its travels did not cause even slight pain till it reached the foot.

HOW LAWS WERE REVISED

Lawyers Merely Cut Few Measures Out of Old Statutes.

Jefferson City, May 7.—Revision Chairman M. E. Rhodes yesterday notified the house that the lawyers employed to prepare the revision bills for the legislature to act upon had finished their work and that they would hand their resignations to the governor during the day.

All that has been done has been to cut out of the old statutes laws that are declared unconstitutional, incongruous, inconsistent and obsolete.

What the legislature was to have done, according to the requirements imposed upon it by the constitution, was to revise every law on the books.

Instead of that it will today pass a "declaratory act," declaring that it has done this, when as a matter of fact it has done nothing of the sort.

DECORATION DAY

Sale of monuments and grave markers. Large stock and latest designs to select from. Prices that will get your order. Across the tracks.—Heinen Monument Works.

Lyonnais Potatoes.

Cut cold boiled potatoes in small cubes and sprinkle with salt and pepper. Brown an onion in a tablespoonful of butter and add the potatoes; stir and cook five minutes. Add a little minced parsley and serve.

Sausage Dumplings.

Boil four or five potatoes, mash and season with salt and pepper, add about one-half cup of flour and milk to make a thick paste. Roll it out. Pour hot water over one pound of sausage and take off the skins. Roll each one in a piece of the potato crust and bake about one hour. Have the crust nicely browned.

Hard Sauce for Pudding.

One cup powdered sugar, one-quarter cup butter, creamed; one tablespoonful coffee, one teaspoonful of vanilla.

RUMBLINGS OF THE RAIL

SAID THE "MERRY-GO-ROUND"
MAY ABANDON THE MAR-
SHALL RUN VERY SOON.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From
Various Sources For the Benefit
of Democrat-Sentinel
Readers.

Persistent rumors has it there is soon to be another important routing change on the Versailles branch, says the Boonville Democrat.

Unofficial sources say the "merry-go-round" train from Sedalia that now brings the Boonville mail from St. Louis and then goes on to Marshall, may be ordered to stop here and return to Versailles, coming back to Boonville soon after noon and then go east on the river route to Jefferson City, from which point it will make all local stops on the main line back into Sedalia for the night.

Railroad men who pretend to keep close tab on the train's business say traffic is very light between Boonville and Marshall, and that the evening run between Boonville and Tip-ton is very unsatisfactory; that if the train was routed east from Boonville it would not only give the people of that section a much needed evening train, but it would serve a hearty local traffic west, and between Jefferson City and Sedalia, and make the train pay a dividend instead of netting a loss to the company.

Pleased With the Service.

The new passenger train recently inaugurated by the Missouri Pacific Railway company on the Versailles-Boonville branch more than pleases the traveling public, says the Tipton Times.

People come to Tipton from far and near. The same is true of all other towns between Versailles and Marshall.

They can now visit these points, do their shopping and return to their homes without any inconvenience in passenger service, which also enables them to go to and from towns along this line of travel of which they were heretofore denied this privilege because of poor train service.

The traveling men make favorable mention of this splendid service—in fact, everybody appreciates it, which means that the new passenger train will be liberally patronized by the traveling public, and it should be.

Vacancies for Trainmen.

A vacancy exists for one conductor on Missouri Pacific trains Nos. 64 and 77, between Sedalia and St. Louis, in place of D. S. Campbell, and for one brakeman on trains Nos. 9 and 10, with Conductor F. X. Wills, in place of W. A. Jodarn.

May 15 is the final date for filing applications for the runs.

Automatic Couplers.

H. A. Daniels, a Missouri Pacific engineer, is laying off on account of injured knees.

Col. A. C. Miner, traveling passenger agent for the Katy, returned today from Hannibal.

Lucian Lindsay, of Jefferson City, a Missouri Pacific fireman, arrived this afternoon to visit friends.

W. L. McCutcheon, claim agent for the Missouri Pacific, returned this afternoon from Jefferson City.

Trainmaster K. A. Easley, of the M. K. & T., who is here today, will return to his home at Parsons, Kan., tonight.

W. B. Shirk, commercial agent for the Missouri Pacific, returned this afternoon from a business visit at Pleasant Hill.

D. E. Pinnell, a Missouri Pacific engineer out of Jefferson City, and wife, returned here this afternoon, after visiting relatives here.

C. D. Divers, Edward Van York and O. G. Yancey, of the civil engineering department of the M. K. & T., made a business visit at Rocheport today.

WOMEN USE LAWN HOSE

An Effective Weapon in Driving Away Destructive Linemen.

Detroit, Mich., May 7.—Lawn hose is being used by women at Muskegon Heights as an effective weapon to prevent telephone linemen from demolishing shade trees.

Since the storms of last week, which leveled the telephone company's wires for several blocks on Peck street, the construction gang which has been at work putting in new poles and replacing the wires, has hacked and cut down trees wherever the wires were interfered with.

Several women drove the linemen away with streams from their lawn hose, and one woman got out a shot-gun.

League Printed Schedule.

The Kansas City Journal of this morning printed the official schedule of the Interstate Independent League for the season of 1909, prepared before the opening date was changed from May 8 to May 15.

Under the schedule printed today Sedalia was to have opened the season at Kansas City, Kas., May 8-9-10, and thence to Chillicothe, May 11-12-13, after which Chillicothe and Kansas City, Kas., were to have come here for three games each. What the new schedule will provide for is a matter of speculation.

TWO PRETTY GIRL CHUMS

Tried Suicide, One to Evade Mother's Punishment.

Harrisburg, Ill., May 7.—Miss Zenda Miles, aged 17, and Miss Mollie Summers, aged 16, pretty chums living on East Walnut street here, of prominent families, attempted suicide yesterday with poison.

Miss Miles said she had determined to escape further punishment from her mother by destroying herself, but is glad her life was saved.

Miss Summers claims ill health prompted her act, and is sorry she did not succeed.

BRIDEGROOM IS 72 AND THE BRIDE 60

Latter a Resident of Terre Haute, Indiana, But Went to Watsonville, California, Where She Met D. J. Kemp.

Watsonville, Cal., May 7.—Love at first sight is not confined to youth judging by the swift course of a romance that has culminated in the marriage of Emma Higbee, aged 60, and David J. Kemp, aged 72, the couple having accomplished their whole courtship, from introduction to housekeeping in less than twenty-four hours.

The bride, who is a resident of Terre Haute, Ind., arrived in Watsonville Tuesday night to visit friends. One of the first persons introduced to her was the bridegroom, who is a wealthy fruit planter of this section.

With an impetuously unusual in a man of 70 odd years, Mr. Kemp began his wooing without delay and such was his ardor and eloquence that before the evening ended Miss Higbee had agreed to become his wife.

MRS. BOYLE NOW ON TRIAL

Kidnaped Boy Was Witness Against Her Today.

Mercer, Pa., May 7.—The court room was crowded today when the trial of Mrs. James Boyle as accessory to the kidnaping of Willie Whittla, was resumed.

The kidnaped boy was the first witness. He identified Mrs. Boyle as the woman who cared for him in Cleveland.

Several other witnesses testified substantially the same as yesterday.

SEVEN EMPLOYEES INDICTED

Swedish Consul at Chicago Donates \$25,000 to Northwestern U.

Chicago, May 7.—The first material fruits of the national peace conference which closed here last night, is a fund of \$25,000 donated to Northwestern university by John R. Lindgren, Swedish consul to Chicago and cashier of the state bank of Chicago.

The fund provided by Mr. Lindgren is to be utilized for the purpose of founding a permanent series of lectures and to secure the annual payment of prizes for essays upon the questions of international peace and interdenominational religious harmony.

A second gift of \$25,000 to the same institution to found a chair of Scandinavian literature also was announced by Mr. Lindgren.

Wife's Reply to Petition Charge That She Is "Stove-Shy."

St. Louis, May 7.—"I would not cook for any man," is the terse answer Mrs. Ollie Boyd, No. 516 North Garrison avenue, president of the Ladies' Aid society of the First Christian church, gives to the charges in her husband's divorce petition that she is "stove-shy" and refused to do the house work.

Byd, in effect, in his petition says that he bought a fine range when they were married, but his wife would not use it and he was always "it" in the kitchen game of tag.

"One reason why she did not have time for work was that she was too busy in church work," declared Byd.

"That isn't the reason at all," replied Mrs. Boyd. "I wouldn't cook for any man."

WOMEN MOB MRS. BOYLE

JOSTLED IN STREET BY CROWD
WITH ROPES SHE IS ANX-
IOUS TO FIGHT.

ASSAILANTS HAVE CLUBS AND STONES

"If They Would Let Me," Exclaimed
Mrs. Boyle, "I'd Make You All
Climb Trees in Two Minutes,
You Cowardly Beasts."

Mercer, Pa., May 7.—Mrs. Helen Boyle, one of the alleged kidnapers of Willie Whittle, was attacked on the streets of Mercer last evening while being taken from the court house back to the jail, by a mob of several hundred women.

It was only by the combined efforts of several ministers and a score of business men, assisting Sheriff William Chess and his deputies, that the mob was kept from doing the woman bodily harm.

As it was she was badly jostled, she defied the crowd and wanted to fight, which probably would have meant death to her, as many in the crowd were armed with clubs and stones, while two women carried clotheslines.

Mrs. Boyle was being taken from the court house with her husband, James H. Boyle, who early in the afternoon had been convicted of kidnapping by a jury out but a few minutes. Mrs. Boyle immediately was placed on trial and it was after court closed for the day that the demonstration occurred.

Mrs. Boyle had been taken from the jail about 2:30 p. m. and news scattered over Mercer that she was in the rickety old school house used as a court house, and the mob soon began to gather.

By the time Deputy Sheriff William Stuart slipped a new steel handcuff on the woman's right arm, allowing her to conceal the hand in the left pocket of his coat, and came out of the court house the mob had increased to about 1,000 and more than half of it was composed of women.

"There's the dirty hussy! They won't need a jury if they let me get at her," shouted a big woman, trying to get to the smaller Mrs. Boyle.

"Hussy yourself. Go home and wash your dirty face," retorted Mrs. Boyle, slipping her hand out of Stuart's pocket and starting for the angry amazon, handcuffed though she was. Then the mob's rage burst all bounds. The women screamed and jostled the deputy and Mrs. Boyle off the sidewalk, many trying to hit her with brooms or sticks.

"Let us hang her. Get the rope! Get the rope!" screamed some of the mob while someone threw an egg which broke on a tree box near the woman.

Boyle, who was in charge of Sheriff William Chess, tried to break away and go to the aid of the woman, but he was handcuffed too securely and the big sheriff would permit no delay, as he thought there might lurk under the demonstration a scheme of friends to rescue the prisoner.

Keeping his hand on the butt of his revolver, which protruded a little from his coat pocket, Chess went on with the prisoner, landing him safely in the jail. Then he went back to assist in the safe conduct of Mrs. Boyle, who, with her escorts, was surrounded by the angry mob.

The Rev. J. S. Duncan, pastor of the First Presbyterian church of Mercer, who had come from the court house with the Boyles, did his best to pacify the angry women.

He was brushed to one side by some of them and told to hold his

IMAGINATION

BY EDWARD F. McSWEENEY.

"For a dream cometh through the multitude of business."—The Bible.

The mother who desires her children to grow up to do great things in the world will do well to give them the advantage of the good old fairy stories which have been declining in popularity of late years. Many mothers mistakenly believe that such reading tends to impair the clear insight of children, and less so in later life the power of literal accuracy of thought essential to truth and goodness. Never was there a greater world of fancies; the dreams which in maturity enables the possessor to beautify homely things, to more amply illustrate, powerfully defend and effectively enforce the principles and truths of science and art, are the best aid to substantial progress a child can be given.

In most fairy stories, self-sacrifice, suffering and evil, even, are pictured as possible conditions of good. The child whose power of imagination is not cultivated may be scrupulously honest and just, but is dull, cold, contracted, and regardless of others. Imagination, on the other hand, enables us to put ourselves in the situation of others; to enter into their wants and feelings, participate in their joys and share their sorrows, and to promote the feelings which inspire friendship and sweeten the world. Joy in our employment and friends is due to the ideals with which the imagination invests them.

Nature itself teaches the lesson of imagination, softening harsh outlines by the morning mists and gliding the horizon with the lovely light and glorious pomp of the sunrise and sunset; thus making contrast between the world as seen in the garish light of the midday and as clothed in the ideal garments of nature's own creation.

The first requisite of the philosopher, poet, artist is an active and glowing imagination backed by creative power; given this, nothing is impossible, and we have—genius. Plato, Galileo, Newton, Agassiz, Scott, Burns, Moore, Raphael, Marilio, our own Longfellow and O'Reilly, and all the shining company of the immortals were distinguished from their fellows by a wealth of imagination. There never was a great discoverer, navigator, inventor, reformer, priest or prophet who did not have this God-given gift to project his spirit into the future and later to materialize his vision.

When children tell the "wonders," which may be literally called lies, it is the workings of a blessed growing imagination which scorns reality. The funny stories which children tell are not lies, because their little minds can provide human beings with wings, turn them into angels and cherubs; can transform the shapes of animals, change trees into giants, flowers into fairies; in short, for time being make over the serious world they are just beginning to see, into a children's heaven.

No business man lacking in imagination ever made a great success, because the successful business man must have imagination to succeed. Imagination is equally valuable to the doctor, the lawyer and the artisan; perverted it makes for misery; without imagination religious faith, which is the greatest force for happiness in this world, becomes insipid and perfunctory.

Yes, mothers, give your darlings the fairy tales; there is nothing better for them than the fairy tales of Grimm, Hans Anderson, Arabian Nights, Alice in Wonderland and the like, and, better still, believe in them yourself.

ONE BIRTH IN WOMAN'S CLUB

In Same Period Twenty-Eight in a Club of Mothers.

Omaha, Neb., May 7.—Only once did the stork lover over the Woman's club of Omaha during the club year just ending. The membership is 400.

The members deal with domestic science and all topics that are of interest to women.

At the last meeting the secretary reported that Mrs. David E. McCulley, formerly assistant secretary of the club, had given birth to a boy since the last meeting, the first and only club child of the year. An order was drawn upon the treasurer and a huge

bouquet of flowers was ordered sent to young William.

In striking contrast the birth record of the Omaha Mothers' club shows that twenty-eight boys and girls had been born to the members during the year ending May 1.

TWO SLAYERS ARE FREED

Jacksonville, Fla., Killing Episodes Closed Out of Court.

Jacksonville, Fla., May 7.—Two sensational killing episodes were ended here yesterday when the grand jury ordered the release of Miss Jessie Brown and R. A. Humphries.

Miss Brown shot and killed Earl P. Adams, following the announcement of Adams' engagement to another young woman.

Humphries shot and killed both his 16-year-old wife and Thomas McManus when he found the two together in his home.

The mother of Mrs. Humphries subsequently committed suicide.

Class of Thirteen Initiated.

A class of thirteen candidates was initiated into Sedalia camp of the M. W. A. last night, the Green Ridge camp conferring the degree work. Those initiated were: J. A. Capen, G. E. Cole, Dr. A. J. Campbell, Dr. F. M. Fulkerson, H. L. Hudson, Judge D. E. Kennedy, C. E. Leiter, Leo Montgomery, W. H. Powell, H. B. Scott, William Sims, C. W. Rothgeb and Phillip Sullivan. Several speeches were made and refreshments were served afterwards.

MRS. BROKAW CLAIMS LIBEL

Says Western Union Damaged Her Transmitting Message.

New York, May 7.—Mary Blair Brokaw, wife of W. Gould Brokaw, has begun a damage suit for libel against the Western Union Telegraph company in the supreme court of Nassau county, where she also has a suit for separation from her husband pending.

Mrs. Brokaw alleges that the Western Union company, in accepting and transmitting certain messages written by her husband, libeled her.

She contends that statements reflecting on her character in these messages were entirely groundless and that the telegraph company in turning the messages over to its employees for transmission disseminated a libel against her.

BREAK IN A MINE STRIKE

Half of Men at Bonne Terre Returned to Work Today.

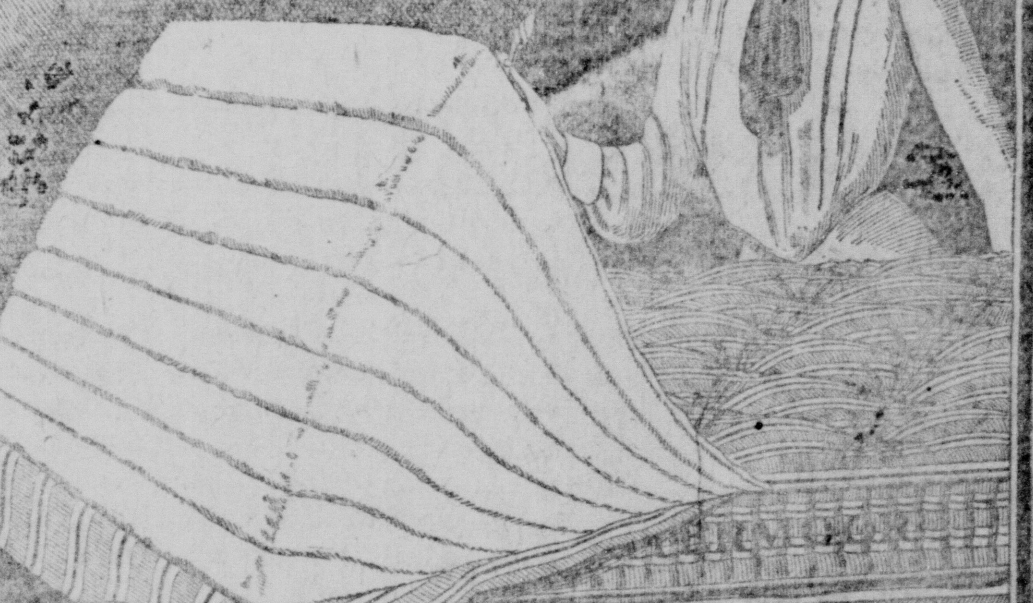

Bonne Terre, Mo., May 7.—A break in the lead mines strike occurred yesterday when it became evident that half the striking miners of this place would return to work today without the increase in wages for which they have been contending.

The rest of the local strikers and all at Leadwood and Flat River are reported as determined to prolong the struggle.

Tasks That Try Temper

Good tools are necessary for the Home Outfit. They must be ready for hard work or light work—must be capable of doing more than they were really intended for, because few homes have special tools for special work. They must accomplish, without injury, tasks that try the temper. These are the reasons why you should always ask for

TO COOK MACARONI

SIX WAYS IN WHICH IT MAY BE SERVED.

To Those Not Properly Familiar with This Healthful Dish the Following Instructions Will be of Material Interest.

Plain—Break into half-inch pieces enough macaroni to fill a cup; put into a kettle of boiling salted water and cook for 20 minutes, or until tender; turn into a strainer and let cold water run through to rinse it; put into a shallow baking dish and cover with white sauce; cook one tablespoonful of flour in one tablespoonful of hot butter in a small saucepan, and stir in gradually one cup of hot milk; season with salt and pepper, pour over the macaroni and cover with fine cracker crumbs, moistened in melted butter. Bake until brown.

With Cheese—Prepare as for plain macaroni, then mix half a cup of crumbled cheese with the macaroni before adding the white sauce.

With Eggs—Add two hard-boiled eggs, chopped fine.

With Ham—Add one cup of fine minced ham, seasoned with mustard, and beat one raw egg in the sauce.

With Oysters—Add one cup of oysters lightly seasoned with salt and pepper; moisten with one cup of cream in place of the sauce if you like.

With Tomatoes—Fry one teaspoonful of chopped onion in one tablespoonful of butter until slightly colored; add

one tablespoonful of flour, and when well mixed, 1½ cups of strained tomatoes, and season with salt; this may be mixed with the macaroni alone, or with the addition of the cheese or the oysters. In these variations, always cover the mixture with the buttered crumbs, as it prevents the macaroni from becoming dry; but if the macaroni is not baked, it may be served with any seasoned sauce without crumbs.

Appetizing Odorless Onions.

Take six large onions over which has been poured boiling water to remove skins. In the center of each make a hole about the size of a quarter. Boil six eggs ten minutes; take out yolks and mash fine, then cream into them one heaping teaspoon of butter, add celery salt, pepper and a little table salt to taste, roll out one or two crackers and mix lightly with the egg. Stuff the onions with this till you have used all the egg mixture, then place in a shallow pan with six tablespoonfuls water and bake till done; do not burn or scorch. Cut and spread thinly with butter six slices of white or brown bread and lay on a platter. Make a nice thick milk gravy, using about one tablespoonful of flour to a pint of milk; when onions are done remove carefully from pan on which they were baked and place them, one on each slice of buttered bread, and put over them the hot milk gravy. Serve white hot. Cold mashed potatoes, either white or sweet, can be used for filling.

Artificial Sapphires.

An interesting communication has been submitted to the Academy of Sciences regarding the recent discovery of M. Paris, a young chemist, who has succeeded in making artificial sapphires. Hitherto efforts in this direction have failed, for while able to produce rubies, no chemist has been able to obtain the hue of the sapphire.

M. Paris, who has been carrying out his experiments in the laboratory of the Pasteur institute, has at last overcome the color difficulty. To the molten mass of ingredients in the crucible he added oxide of cobalt, calcium and magnesia, and the effect was to give to the artificially manufactured stones the intense blue of the true sapphire. It is very difficult to detect the artificial sapphire from the real stone.—Paris Dispatch in London Chronicle.

KILLED DOG AND OWNER

A. F. JOHNSON SHOT WHEN HE ATTACKS BARKEEPER WHO SLEW CANINE.

HE FACED A SMOKING PISTOL IN SALOON

Angry at Killing of Spitz Dog, Owner Seized Billiard Cue for Assault, but Is Shot Dead in His Tracks.

St. Louis, Mo., May 7.—On the floor of a Venice, Ill., saloon last night Alfred E. Johnson and his pet dog died together, each from a bullet fired by Henry Price, the bartender, in Henry Mienecke's saloon.

John entered the saloon with a pet dog of the spitz breed and proposed to show the crowd how smart the dog was at doing tricks. He lifted the dog onto a pool table and began to put him through the list of tricks. The bartender objected and put the dog down. Johnson insisted that the dog be allowed to finish the performance, and started to lift him back onto the table again.

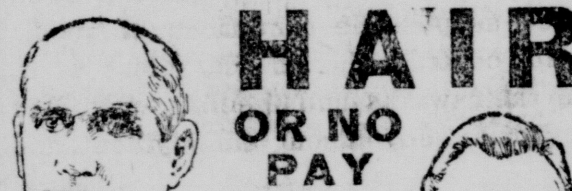

"If you put that dog on that pool table," said Price, "I will shoot him."

"I am game," yelled Johnson, as he lifted the dog up and tossed him on the table. Price drew his revolver and fired, the bullet striking the dog in the head. His owner grabbed a billiard cue and started for the bartender. Price, with the revolver still in his hand, waited until Johnson approached with the uplited billiard cue and then fired. The bullet struck Johnson near the eye and he fell to the floor beside the body of his dog, which had rolled off the table in his death struggle, and the two, master and pet, died side by side, on the floor.

Price at once left the saloon, and, hunting up City Marshal Bennett, he surrendered. He is locked up, and has engaged former State's Attorney R. J. Brown to defend him.

Price makes no denial of the shooting, his defense being that he considered the dog of a particularly dangerous breed for rabies, and that the Tricities have been terrorized for several weeks on account of mad dogs. He says that the shooting of Johnson, after the dog had been killed, was in self-defense.

The body of Johnson was taken to

HAIR OR NO PAY

I will contract to grow hair on any bald head. No hair, no pay, providing the hair is not destroyed, the pores open and the hair in sight. I do not claim to grow hair on a shiny bald head. "Worthy" of Charity.

The terms "worthy" and "unworthy" still appear in the reports of a few benighted charitable societies. Such societies as have appreciated the absurdities of their use are at least in a hopeful condition and the others, it may well be believed, will shortly banish them as terms in the vocabulary of charity work. If charity is to work with only those who are "worthy," by the same token physicians should only have good patients, probation officers only good boys, ministers only perfect parishioners, hospitals only patients with six letters of recommendation and a record for abstinence. Imagine an ambulance surgeon carefully examining the pockets of the victim of an accident to see if he had documentary proof of his being of "good moral character." But as the ambulance surgeon finds out whether the victim is "helpable," so does the real associated charities find out in what way its patients are helpable. "Worthy" and "unworthy" are generally cloaks for ignorant, futile, lazy dole giving, not for real treatment at all. It would give the ambulance patient a little ether and send him home, no matter how many fractures he had.—Charities and the Commons.

A Missourian Who Has Had a Checkered Career, Truly.

Marion Hedgepeth, the ex-convict, whose checkered career the people of Missouri generally are familiar with, is now in St. Louis seeking employment as motorman on the street car line in that city, says the Tipton Times.

He was tried and convicted in Sioux City, Ia., more than a year ago, as an accomplice in safe blowing, and was sent to the penitentiary there. While in prison he succeeded in having his case appealed to the supreme court, with the result that the finding of the lower court was reversed and he was released from prison April 27. Marion now says that he expects to live an upright and honorable life from this time henceforth.

Marion was a model prisoner while serving his time in the Missouri penitentiary, to which the writer, who was an officer at that institution a portion of that time, can attest. This is proof, sufficient, that Marion can "be good" if he will, and we hope that he may will to do so, in the future.

"HAVE DRINK ON ME" BARRED

Bill to Stop Convivial Drinking in Public Places.

Jefferson City, Mo., May 7.—Convivial drinking is a thing of the past if the senate and the governor take the same view of "treating" as was recorded in the house, which passed, with cheers and applause, the Hardy anti-treating bill.

The measure makes it unlawful for one person to treat another, publicly buying for or giving him any intoxicants in a saloon or any other place where intoxicants are sold. Violations of the act are punishable by fine of from \$5 to \$25.

Seventy-two votes, or just the required constitutional majority, were given the bill after a score of changes were made from the original responses. Then everybody cheered, the galleries scarcely equaling the demonstration on the floor.

Seven pounds of fruit, two pounds of sugar, one quart of vinegar, one tablespoon of whole cloves, the same of allspice and a stick of cinnamon. Boil the fruit in two quarts of water and a small piece of alum until soft. Pour off the water, boil the vinegar, sugar and spices together for 20 minutes, drop the fruit in and let it heat. Scald one quart of pickled limes and pour off the first water, then cook them till soft. Cut them in small pieces and add to the vinegar with the citron.

Reserve Pie Crust.

Instead of mixing pie crust each time a pie is baked, it will be found much easier, and quite as satisfactory, to prepare a quantity of flour, salt and lard in the usual way and set aside in a covered dish to be mixed with water and rolled out as required. Two pounds of flour and one pound of lard, with salt to taste, is an excellent rule. Moisten only the quantity required for each baking. It will keep sweet for weeks if kept in a cold place. A freezing temperature will not hurt it.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. A PROMISE TO PAY DEBT FOLLOWED THREAT OF WARRANT FOR MRS. THAW.

GETS NO FINANCIAL AID FROM HUSBAND

Mother-in-Law, Mrs. William Thaw, Also Passes Her Up—Attorneys Are Now Talking of Appeal in the Debt Case.

New York, May 7.—If the sheriff's office had not closed at 4 yesterday afternoon a deputy would probably have gone to the residence of Mrs. Evelyn Thaw to serve an order of arrest, issued by Judge McAvoy, in the city court, arising out of her failure to appear for examination in supplementary proceedings as to her ability to pay a judgment obtained by a milliner.

Mrs. Thaw learned of the threatened proceedings against her through a reporter. She said the whole trouble was that she did not have the money to pay Mme. Hartwig's millinery bill, and she did not know where she was going to get it.

"Don't you get anything from Mr. Thaw?" she was asked.

"Not a penny," said she. "I saved him from the electric chair, and now that he knows he is all right, he hasn't anything to do with me."

"And Mrs. Thaw—that is, the elder Mrs. Thaw—don't you get anything from her?"

"What, from her?" said Mrs. Evelyn. "Not a penny, either."

Mrs. Thaw got hold of Dan O'Reilly, who has been representing her in the suit of Mme. Hartwig, and he immediately fixed things up with Joseph S. Buhler.

Mr. Buhler says that O'Reilly promised to see that the money was paid by noon today, and that he would not undertake to get any more postponements from the courts, on the understanding that the order for the arrest of Mrs. Thaw be kept out of the sheriff's hands.

Mr. O'Reilly was asked what was going to happen to Mrs. Thaw.

"You can say for me," said he, "that she is not going to jail."

"Then she will pay the money?"

"The money will be paid," he said. "But," he added, "an appeal to the appellate division might make it possible for her to get out of it, even yet."

FEARED TOTAL LOSS OF HAIR

Scalp had been Scaly for Some Time—After an Attack of Typhoid Fever his Hair Began to Fall Out by the Handful—Now It is

THICKER THAN EVER THANKS TO CUTICURA

"About two years ago I was troubled with my head being scaly, like dandruff but heavier—although I wash my head once a week, it always gave me some trouble such as itching or smarting and I never noticed any falling of the hair. But shortly after that I had an attack of typhoid fever and I was out of the hospital possibly two months when I first noticed the loss of hair, my scalp being still scaly. I started to use a dandruff cure to no effect whatever. And I used a quinine preparation quite freely which did no good either. Whether it was the effect of the fever or some scalp disease I don't know, but I had actually lost hope of saving any hair at all. I could brush it off my coat by the handful. It got so bad that I didn't need to comb it any more—in fact I was afraid to. My brother, who had used the Cuticura Remedies with satisfaction, advised me to try them. After using two cakes of Cuticura Soap and nearly a box of Cuticura Ointment, I now clear and healthy as could be and my hair thicker than ever, whereas six months ago I had my mind made up to be bald in a short time. I will have a photograph taken later and send you one. William F. Stoebe, 5812 Broad St., Pittsburg, Penn., May 7 and 21, '08."

Warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, assisted when necessary by Cuticura Resolvent (liquid or pills), afford instant relief in the most distressing forms of itching, burning, scaly, crusted humors, eczemas, rashes, inflammations, irritations and chafings of infancy and childhood, permit rest and sleep and point to a speedy and permanent cure, in the majority of cases, when all other remedies fail.

Prompt Relief

I had suffered every month, for a year. My head and back would ache so bad I could not sit up. I tried all other kinds of medicines and they all failed to cure me. Then my mother told me to take CARDUI. When I had taken one bottle I was able to do all of my work.

MRS. DORA GARRETT, Vandevort, Ark.

Works Like a Charm

For six years I was a sufferer. I had lost all hopes of ever being better, when I began to take CARDUI, the woman's tonic. Before I had taken one bottle I felt better, and in a week's time I was better than I had been in six years. CARDUI works like a charm.

MRS. M. C. McELROY, Clinton, Ky.

Are You A Woman?

TAKE CARDUI

The Woman's Tonic

Suffered Ten Years

I recommend CARDUI to all suffering ladies. My health was bad for ten long years. I had headache and blind, dizzy spells, weak and cold spells which went all over me. I took CARDUI, the woman's tonic, and got well and all right. I cannot find words with which to thank you.

MRS. CORA L. RITTER, Wilmington, N. C.

Saved Her Life

While staying with me and going to school, my young sister was in terrible misery. I got her to take CARDUI and it helped her at once. I have taken CARDUI myself and believe I would have been under the clay, had it not been for that wonderful medicine.

SHRUBB MATCHED AGAIN

Two Matches This Month—Meets Tom Longboat Tomorrow.

Montreal, May 7.—Alfred Shrub, the English runner, is to appear in two star attractions in Montreal during May. Tomorrow he meets Tom Longboat at fifteen miles on the M. A. A. track, and May 16 St. Yves, the winner of the international Marathon at New York, at twenty miles. The latter race will be run on the National grounds, Maisonneuve, on the outskirts of Montreal.

While Longboat, as goes without saying, has many admirers this side of the line, it is not generally felt that he has much chance against the Englishman at fifteen miles. It is further doubted whether the Indian has been training steadily of late.

The twenty-mile run with the Frenchman should prove a more equal contest. Beaten by Shrub at fifteen miles, St. Yves says he can win at twenty as he won in the recent Marathon.

Fruit Not Damaged Badly.

L. S. Katherman, who is one of the best authorities on fruit in the country, informed the Warrensburg Star Monday that there was no material damage to the small fruit from the recent cold spell and frosts.

"Cherries are damaged slightly," said Mr. Katherman, "but nothing to speak of. There was no damage to apples and the grapes never looked better, even the young shoots were not the least bitten by the frosts. The strawberries are damaged probably about 5 per cent, but the crop will be unusually large."

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

HAS NEVER BEATEN "SMILER"

"Bill" Donovan Has Always Come Out on Top Against Ed Walsh.

Ed Walsh has never been able to win a game in which he was opposed by "Bill" Donovan, of Detroit.

Officially, Walsh led all pitchers in the American league during the season of 1908; morally, he didn't. Due to some mistake in President Johnson's office, Donovan was not credited with two games that he won, and, consequently, Walsh became slub champion of the young league.

The two stars have met on several occasions and there have been many close battles between them, but the heavy end of the score was always on Detroit's side at the close.

We Stand or Fall by These Clothes—\$10 to \$25

You cannot find, at any price, better style or better fit than that in CLOTHCRAFT CLOTHES. You simply can't find it. It doesn't exist.

This you can prove for yourself. You know style when you see it. You can tell when a garment fits.

But we want you to know that CLOTHCRAFT CLOTHES are good—real, down-right good—in other ways than fit and style. We do wish we could make you know how good they really are.

Clothcraft Clothes

We Stake Our Name on these clothes. Do you realize what that means? It means that we know that, if these clothes are not as good as we promise, you and hundreds of others will be driven away from our store.

But we are not afraid. We know the honest men who make CLOTHCRAFT. We know that they use nothing but wool, pure wool.

We know the factory—the wonderful factory, full of sunlight, full of fresh air. We know how the clothes are made.

We know the wonderful system that reduces the cost of making. For these clothes

Save You Nearly a Third—a third in actual cash—cash that you can use for hats or shoes.

This is the only line of all wool clothes in America that sells at \$10 to \$25.

CAUSED FATHER'S ARREST

Deputy Catches Armed Man in Woods Near Batesville.

Poplar Bluff, Mo., May 7.—J. J. Gilpin, a farmer of near Batesville, was arrested at daylight yesterday in a wood on his farm by Deputy Sheriff James W. Smith, who had watched for him all night and Wednesday afternoon.

Gilpin was accused by his 15-year-old daughter. He had a large revolver when captured and had issued warning that he would not be taken alive.

Minnie Gilpin made formal complaint against her father, asserting he had attacked her in a barn at their home in the absence of the family. After making her statement she refused to return home, declaring Gilpin had threatened to kill her.

A hired man, taking a shotgun and bottle of water to Gilpin, was intercepted by Deputy Smith Wednesday night. The firearm was taken away and the man was put under guard. Later Gilpin's son was caught stealing into the timber with a saddled horse. He also was put under guard. Yesterday morning Gilpin was taken unawares by Smith and Constable Cook. Gilpin was brought to the county jail here at noon yesterday.

Fruit and Nut Cheese.

Quarter pound brazil nuts, quarter pound pecans, half pound almonds, half pound walnuts, half pound each of figs, dates and raisins. Prepare nuts as usual, mix well with the fruit and run through food chopper, using smallest knife. Pack in cocoa or baking powder cans. Cover well and it will keep for months. When wanted dip in hot water and it will slip out easily. A slice of this between thin pieces of bread makes a dainty sandwich for luncheon or picnic and is more nutritious than meat. It also makes a delicious confection when cut in cubes and dipped in melted and sweetened chocolate. The above are some of the many ways in which this cheese may be used.

Vegetable Salad.

One-half package of gelatin, one-half cup of cold water, juice of two lemons, one-fourth cup of vinegar, one-half cup of sugar, one teaspoon of salt, one cup of celery cut in small pieces, one cup of shredded cabbage, one cup of blanched almonds cut twice, three sweet red peppers cut fine. Soak gelatin in cold water two minutes and add vinegar, lemon juice, boiling water sugar and salt. Steam, and when beginning to set, add remaining ingredients. Turn into a mold and chill. Serve on a lettuce leaf with mayonnaise dressing, or cut in dice and serve in cases made of red and green peppers. Fine served with cold sliced veal or chicken.

Orange Pie.

Three eggs, three-quarters cup sugar, juice of one orange and half-grated rind, juice of half a lemon and grated peel, a little nutmeg, one tablespoonful butter, cream and sugar; beat in the orange and lemon, add the beaten eggs, saving the whites of two. Line a pie plate with rich crust, pour in this the mixture and bake. Beat the whites with two tablespoonfuls powdered sugar and a little grated rind of an orange. Spread over the pie when done and brown lightly.

To Clean Coat Collars.

The collars of dark cloth coats, which often show white inside after a little wear, may be cleaned with a spoonful of ammonia, into which enough salt has been put to make a soft mixture. This is really an excellent cleanser.

Tea for the Sword Fern.

Perhaps botanists can explain why this plant is so fond of indulging in a cup of tea every few days. To be sure, it asks for neither cream nor sugar, but the stimulant itself is peculiarly grateful to it.

Alleged Assailant of Girl Is Lodged in Atlanta, Ga., Jail.

Atlanta, Ga., May 7.—R. L. Branham was brought to jail here yesterday from Tampa, Fla., on a requisition from Governor Hoke Smith. He is charged with assault on a young white girl at Montezuma, Ga. It is alleged that after treating the girl in a revolting manner Branham fled to Florida.

Branham's attorneys appealed to Governor Smith, alleging Branham would be lynched at once if taken to Montezuma. Governor Smith, however, granted a requisition, but ordered Branham brought to Atlanta to save his life.

He is a member of one of the most prominent families in Georgia, and a brother-in-law of Superintendent D. Walker, editor of the Chattanooga Times.

Takes Pessimistic View.

Dr. J. L. Elliott, associate leader of the Ethical Culture society, is reported to have said recently that "we are getting tired of education as displayed to us by the Yale and Harvard man Vassar and Bryn Mawr girl. They grate on our nerves and we are beginning to think that it is money not well spent to send our children through college." With the exception of lawyers and doctors they turn out he seemed to think the college of little benefit to the man or woman in the present.

Didn't Mean It.

SOME GOOD SALADS

SUBSTITUTES FOR THE MORE HEAVY DISHES.

Little Bundle of Recipes Housekeepers Will Find it Convenient to Have in Memory for All Occasions.

Supper Salad.—Mix one and one-half cups of cold cooked chicken cut in cubes, one cucumber pared and cut in cubes, one cupful of chopped English walnut meats, one-half cupful of French peas and cupful of celery cut in small pieces thoroughly chilled in ice water. Moisten with mayonnaise dressing and garnish with strips of canned red pepper arranged ribbon fashion and celery tips.

Cabbage Salad.—One small head of cabbage, one stalk of celery, four apples. Cut all up fine and over them pour a cream mayonnaise dressing. Serve on a lettuce leaf and on top of each lay a choice piece of celery and two radishes.

Lentil Salad.—One can kidney beans, one cup celery, chopped; six pickles, six olives, and one onion. Chop all but the beans, mix well, and pour salad dressing over all. Serve on lettuce leaves.

Banana Salad.—One banana cut lengthwise in half, set on lettuce leaf, and cover top of banana with rolled peanuts and two teaspoonfuls of common salad dressing, one banana served to each guest. This makes delicious as well as a pretty salad.

German Holiday Salad.—Take six milder herring soaked over night, skin them and remove all bones; six tart medium apples, six onions, three dill pickles, all chopped fine, one-half cup vinegar, one-half teaspoon of pepper, or more if you like. Be sure and use the milder in the herring.

Olive Salad.—Take one dozen onions and a pint of olives, two green peppers and one red one; chop fine. Into this stir one tablespoon mustard seed, one small bottle horseradish and one five-cent glass of mixed mustard, one teaspoon salt, and one tablespoon brown sugar, one cup vinegar; mix all together and let stand one week. It is fine with cold meats.

Meat and Rice Balls.

Put three-fourths pounds each, pork steak and round steak, through a grinder, salt and pepper to taste. Add one raw egg and one-half cup rice that has been soaked over night in water enough to cover it. If water is not all absorbed set on back of stove until absorbed. Make into small round balls. Put can of tomatoes in large kettle, season with salt and pepper. Cut two green peppers in half, remove seeds and rinse in cold water, add to tomatoes and put in meat balls. Boil slowly three-quarters of an hour. Last quarter of an hour add large tablespoon of butter. Do not thicken gravy. Cayenne pepper or chili sauce may be used when peppers cannot be obtained.

Fruit Cake.

Two and a half pounds flour, one pound butter, one and a half pounds sugar, ten eggs, three pounds raisins, three pounds currants, one and a half pounds citron, one and a half pounds candied lemon peel, one cup sirup, one cup brandy, one cup wine or coffee, one pound blanched almonds, one teaspoon cloves, three teaspoons cinnamon, one grated nutmeg, one tablespoon vanilla, one teaspoon soda. Bake four or five hours.

Ginger Cake.—One cup molasses, two cups sugar, one cup butter, one cup sour or butter milk, four eggs, two teaspoons soda, four cups flour. Spice to taste with fruit or ginger.

Cheese Relish.

If you want to serve something absolutely unique for the cheese course try the simple preparation of Roquefort cheese and apples. To make it take a slice of Roquefort cheese and a piece of butter the size of a walnut. Mix them together into a paste and thin this down by the addition of three or four tablespoonfuls of cognac. When of a good spreading consistency spread it over slices of russet apples and you will have a novelty that will create both surprise and delight among your guests.

Ironing-Day Hint.

To prevent the iron from sticking to a collar or shirt front when ironing it, a capital plan is that of using white wax, while at the same time a good gloss is obtained on the surface of the linen. Instead of investing in special wax for the purpose, any odds and ends of candles may be used, and these should be sewn into a square of cotton or linen, and the iron passed once or twice over it before beginning to use it.

Apricot Ice Cream.

For a quart of cream allow a quarter cupful of sugar, a pint of can apricots pressed through a sieve, the juice of one orange and one lemon. Make a sirup of the sugar, allowing one-half cupful of water, cook, add the

A "RAT" SAVED HER LIFE

Deflected Course of Bullet Fired by Woman's Husband.

Columbus, Ohio, May 7.—That much ridiculed hirsute adornment of women—the rat—was responsible for saving the life of Mrs. Anna Fairman yesterday.

The woman had trouble with her husband, who threw her on the bed and fired a revolver at her head. She went screaming to the street after the husband escaped, with blood flowing down her face.

An ambulance took Mrs. Fairman on a run to a hospital, where the surgeons discovered that she had only a bad scalp wound. They declare that the woman's life was saved by the "rat," which deflected the course of the bullet.

GOOD JOB FOR A THIN MAN

Department of Agriculture Is Awarding a Living Skeleton.

Chicago, May 7.—Nine of Chicago's thinnest citizens, in search of a government job, have announced their desire to take examination for a vacancy at present existing in the department of agriculture.

This department for months has been in search of a real thin mechanical assistant to aid in the operation of a refrigerating car for the experimental pre-cooling of fruits. Because of the amount of machinery in

the car and the limited space in which the assistant must work, a man of slender physique is necessary.

In the announcement sent out for the examination, the government carefully warned all stout men not to apply. Only thin men would be considered, the announcement said, and they must engage to stay thin.

INCREASE SALOON LICENSE

House Measure to Raise Taxes on Dramshops Introduced.

Jefferson City, Mo., May 7.—Dramshop licenses for state purposes are fixed at between \$200 and \$500 a year and for county or city purposes from \$100 to \$500 a year by the Conran bill, passed in the house yesterday. The agitation for the prohibition question had much to do with the support given to the measure.

The Conran bill is almost identical with the bill prepared by house and senate leaders in conjunction with the revision commission, which was knocked out in the senate on a point of order when an effort was made to introduce it as a revision act.

Mr. Conran estimates that the pro-

posed law will increase the state's revenue during the next two years by approximately \$600,000.

The measure was sent to the senate today for consideration by that body. It is expected to receive the support of the dry element of the upper branch, which would indicate its enactment.

CATARRH MICROBES

A Dead Microbe is the Best Microbe—Hyomei Kills Them All.

Hyomei (pronounced High-o-me) is a killer of catarrh germs, because when you breathe it in, its antiseptic and germicide properties reach every nook and crevice of the mucous membrane, from the mouth and nose deep into the lungs.

Hyomei brings the Australian forests of pine and eucalyptus to your home. It is made of the active principles extracted from these trees.

No one who lives in or near these forests suffers from catarrh. No one who breathes in Hyomei, the real forest air of Australia, will have catarrh for long after the treatment starts.

If you want to cure catarrh, croup, bronchitis, coughs, colds, asthma, hay fever, or relieve consumption, try Hyomei, the common-sense cure, the cure that reaches the spot.

A complete Hyomei outfit, including a hard rubber inhaler, costs only \$1 and extra bottles of Hyomei, if afterwards needed, cost but 50 cents. Guaranteed to cure or money back. Sold by leading druggists everywhere. Sold and guaranteed in Sedalia by W. B. Bard Drug Co.

MI-ONA Cures Indigestion

ATTEMPT TO SLAY PRIEST

ROOM OF FATHER SCRIPPO IN DANVILLE, ILL., RIDDLED BY SHOTS.

THREATENING LETTER SENT TO DIVINE

Clergyman Attributes Assault to Liquor Element He Opposed—Says He Knows the Would-Be Assassins.

Danville, Ill., May 7.—While sleeping in the anteroom at his study, Fr. Scrippo, of the Wetville Catholic church, was fired upon, he says, by three men armed with shot guns.

The walls were riddled with shot from the five charges that were poured into the room, and the glass door leading into the apartment was shattered. The priest's escape was nothing short of miraculous, the shot passing over his head and imbedding itself in the wall at his side.

Fr. Scrippo declares the attempt on his life was no surprise to him.

"I received a letter a few days ago signed 'Parishioners,'" said he, which warned me that I had better leave town at once or I would be killed.

"I have known that an attempt would be made to do me violence. I am ready and willing to give up my life, if I only die doing my duty. I think I would recognize those who fired upon me were I to meet them."

The exact cause for the shooting Fr. Scrippo lays to his activities against the liquor element.

"Everybody knows where I stand on that question," he said, "and I will not recede a particle from that stand. I love my people and the saloons are not good for them. The people friendly to the saloons have done this, and I know it."

He would not discuss the trouble in the church, which has resulted in the congregation dividing itself into two factions, but laid it all to the feeling over the local option election, Westville having been voted dry.

EDITOR WAS CONVICTED

Fred D. Warren to Appeal From Verdict of Fort Scott Court.

Fort Scott, Kas., May 7.—Fred D. Warren, business manager and editor of the Appeal to Reason, a socialist publication, charged by the government with sending scurrilous and defamatory matter through the mails, was last afternoon found guilty by a jury in the federal court here. An appeal will be taken.

Warren was charged with sending an envelope through the mails on January 12, 1907, bearing the following inscription printed in red ink: "One thousand dollars reward for anyone who will kidnap ex-Governor Taylor, of Kentucky, and return him to Kentucky."

Thirty thousand of these envelopes were mailed, it is stated. Former Governor Taylor was one of the witnesses for the prosecution.
